After school... not on play equipment..

Falling out the right way..

What kind of animal are you?

A teddy bear always gives in to others.

A tortoise avoids arguments, hiding his head even when in the right.

A shark wants to win at all costs - and doesn't care what it takes, or the feelings of the other person

A frog hops off - usually up the bank refusing to talk to anyone!

An owl works with others to find an answer that makes everyone happy.

A fox encourages everyone to give in a little, in other words, to compromise.
