"To be the best  
that we can be"

## Reception Teddy Bears Picnic - Friday 5th October 2025

## Headlice

Can we please ask that parents are vigilant about headlice please, so we can all help to keep these pests at bay.

Please Remember:

A regular check of your child's hair will help to control head lice. If additional nits are discovered at least 3-5 per day, this may be a sign that live lice may still be on the head. When you brush your child's hair in the morning or at night always have a quick check.

- Screen safely and regularly
- Detect lice and nits as early as possible
- Remove lice and nits immediately and effectively
- Avoid panic and unnecessary use of chemicals
- Keep children in school lice and nit free
- If you have any concerns regarding head lice please contact your pharmacist/chemist.

Thank you.

## **Pharmacy First can help families - a new service available in Shropshire, Telford and Wrekin**

Pharmacy First can help families with minor illnesses and seven common conditions. If appropriate, treatment can be offered without a prescription for seven common conditions, and it can be quicker to see a pharmacist than a GP. Normal prescription charges and exemptions (those who do not have to pay, including children) will apply.

A pharmacy is a great place to get healthcare advice and treatment. Pharmacies are easy to reach, usually located within local communities, and often open evenings and weekends. This service may help children and colleagues get well and back to nursery/school/work quicker.

Please see a flyer attached.
